

# PROJECT

Municipal & city-  
regional  
cooperation on  
sustainable urban  
development in the  
Nordic countries

*A short introduction  
in English*

## The Finnish LHT Network for land use, housing and transportation (*MAL-verkosto* in Finnish)

- Project period: 9/2019-2/2020
- Commissioned by Ministry of the Environment (FIN)
- Aim: Learnings to Finnish cities & city-regional actors, Nordic experience-sharing

### In search of best practices

1. Networks of co-creation & knowledge-sharing between municipalities (and other relevant actors)
2. Tools: programs, strategies, planning instruments, indicators used etc.
3. Thematic focuses:
  - strategic & integrative planning of housing, land-use, transport
  - sustainability in urban mobility, urban policy, urban development & planning
  - low-carbon cities, climate-neutrality
  - etc.
